

Rules of FestFoto Brazil 2021 Call

FestFoto - International Festival of Photography of Porto Alegre is a festival with online programming of digital media projections and video exhibitions.

To participate, interested parties must register their works according to the following regulations:

1- The Free Frame 2021 is an exhibition of photographs through online video exhibitions and the result of an online selection of multimedia projects and portfolios through a call opened to all photographers, covering all languages, doc in audio-visual narratives.

The works should address a reflection of each photographer on the images that can draw a visual script about social relations and humanity and their relationship with the planet, from the silence imposed by the pandemic and the events that precipitated in the year 2020. Twenty works will be selected to be shown in the festival's projection schedule.

2 - To compete for the selection, the participants can present their work in one of the following two categories:

Multimedia Category - Video exhibitions: The works must be presented in a video file with a maximum duration of three (03) minutes, including the titles and credits slides or subtitles that are part of the work. To subscribe it is necessary to host the video in a personal account on Youtube and send the video link in the registration form. We encourage everyone to create works that go beyond the basic format of just joining images and soundtrack, looking for a presentation that brings reflection and authorship.

Category Portfolios: Participants must submit no more than 15 photos in 1920 x 1080 pixels with 75 DPI and a limit of 1 MB per file (15 MB in total). The files must all be in JPEG. ATTENTION: These are the dimensions required for an HD video.

3 - The authors of the works Multimedia - Video Exhibition that are selected and that have a soundtrack must send to the coordination of FestFoto 2021 a release of use signed by the copyright holders of the music that composes the soundtrack, proof of live use of soundtrack or the Term of Responsibility signed by the author of the registered work, which exempts FestFoto from any burden or legal claims by the holders of the copyright or patrimonial rights of the music used in the soundtrack. In the case of photographic collectives, one of the collective members is responsible for the act of registering the group at the call, marking "I accept the regulation" but the Term of Responsibility is signed by all members of the collective who are participating in the enrolled work at the festival. The Release or Responsibility Terms will only be requested after the selection process.

4 - The author of works registered individually, or the authors of works of photographic collectives, by accepting the regulation, declare for all purposes that the photos that are part of and make up the work registered for the festival have their copyright - in the case of individual registration or authorship of the photographic collective, these being the sole holders of the copyrights and assets of the afore mentioned photos, being therefore responsible for any action questioning from third parties. All copyrights of the photos sent and registered in the FestFoto 2021 Call are guaranteed and belong to their authors.

FestFoto respects these copyrights and will only use these photos in the festival environment and in its disclosures, always citing the photographer of the photo.

5 - The author of works registered individually, or the authors of the works of Photographic Collective authorizes upon registration - the coordination of FestFoto - International Festival of Photography of Porto Alegre to publish photos and / or multimedia projects in the festival's advertising environment, which are: official website, social media, newsletters and press releases, always safeguarding the copyright and the commitment to the photographer's credit and showing the selected multimedia project in the form of digital projection within the schedule of the 14th. edition without any prejudice of moral, patrimonial or authorial order, exempting the festival from any burden of any nature coming from third parties.

6 - Multimedia projects can only be registered in video format hosted on Youtube in the subscriber's personal account. In order to maintain a good display quality, the original photographic files to be inserted in the video must have a minimum resolution of 1920 pixels x

1080 pixels with 75 DPI. Video files must be 1920 pixels x 1080 pixels (1080 high x 1920 wide) in size for HD viewing. If the images of the registrant are not originally FullFrame, we recommend to define 1.080 pixels on the height.

7 - The selected portfolios will be transformed into multimedia projections by the coordination of FestFoto with the with the accompaniment of the photographers.

8 - Registrations for the FestFoto 2021 Call will take place from October 3 until 11:59 pm (Brasília time) on December 1, 2020.
